

The Research Code Review Community!

WHO*

- Researchers
- Research software engineers
- Funders
- Publishers
- Societies
- Open Science advocates

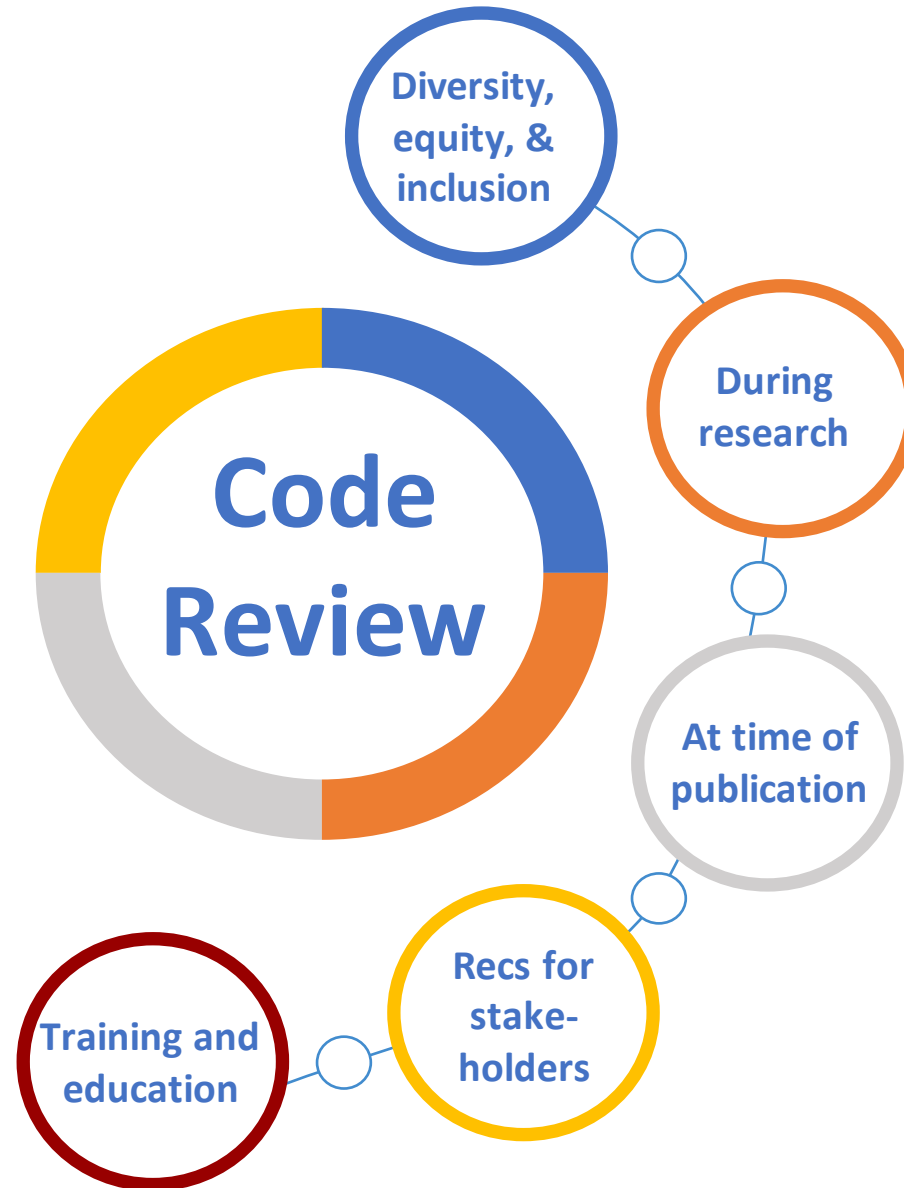

WHAT

- 5 interest areas with a pilot focus on code review during research

HOW

- Monthly Zoom meetings

*Authors: Hollydawn Murray, Rachael Ainsworth, Dannon Baker, Olly Butters, Jeffrey C. Carver, Luis Pedro Coelho, Fergus Cooper, Barry Demchak, Kenan Direk, Stephen J Eglen, Vicky Hellon, Daniel S. Katz, Helena Ledmyr, Thibault Lestang, David Nicholson, David Pérez-Suárez, David Miguel Susano Pinto, Esther Plomp, Fotis Psomopoulos, Amy Strange, Leonid Tiokhin, Miguel Xochicale

WHY

- Researchers deserve guidance
Identify good practices and provide common guidelines for code review supported by training and educational services
- Stakeholders want advice
Develop recommendations to help stakeholders support code review
- All benefit from convergence
Reach out and seek collaboration with related initiatives to evaluate and support code review skills development as well as pilot outputs

Questions
